

Article 17 of the French AGEC Law and its implementing decree (no. 2021-835 of 29 June 2021)

Code de l'environnement L541-9-3

Overview and Response

<Regulation Summary>

All products on the market for French homes must be marked to inform consumers that a separate disposal rule will be imposed.

<Display content>

Display the Triman Logo waste information on the Packaging (delivered to the user).

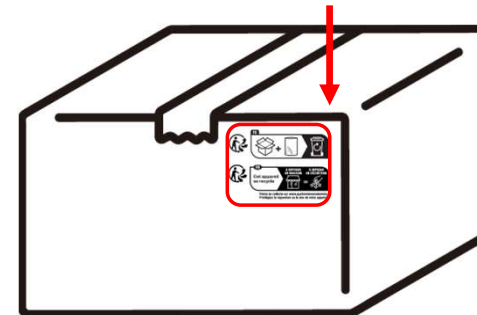

There are two types of Triman waste information displayed: Packaging disposal information and WEEE disposal information.

Can be printed or labeled.

Triman Disposition Information :   Package disposal information <Example display >  WEEE disposal information

Packaging disposal information is displayed for all products, and WEEE disposal information is displayed for electrical and electronic equipment products.

Separate disposal information varies by product.

French packaging Regulation

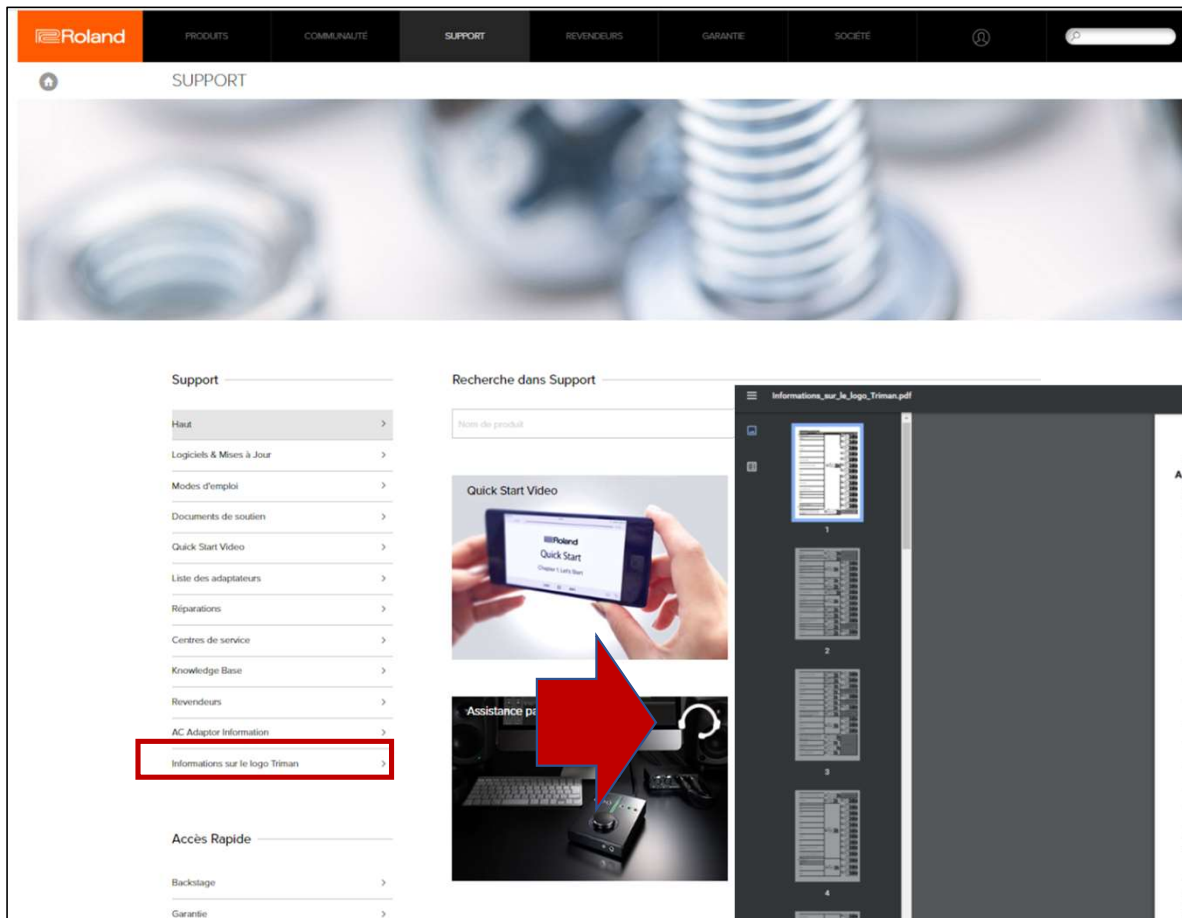

Need to put the logo mark on the web site (French only) by June, 2023

<https://www.v-moda.com/eu/fr>
Support Page

Roland Web Site

- Example of Roland French website

(<https://www.roland.com/fr/support/>)

Under "Support" it has
"Informations sur le logo Triman"

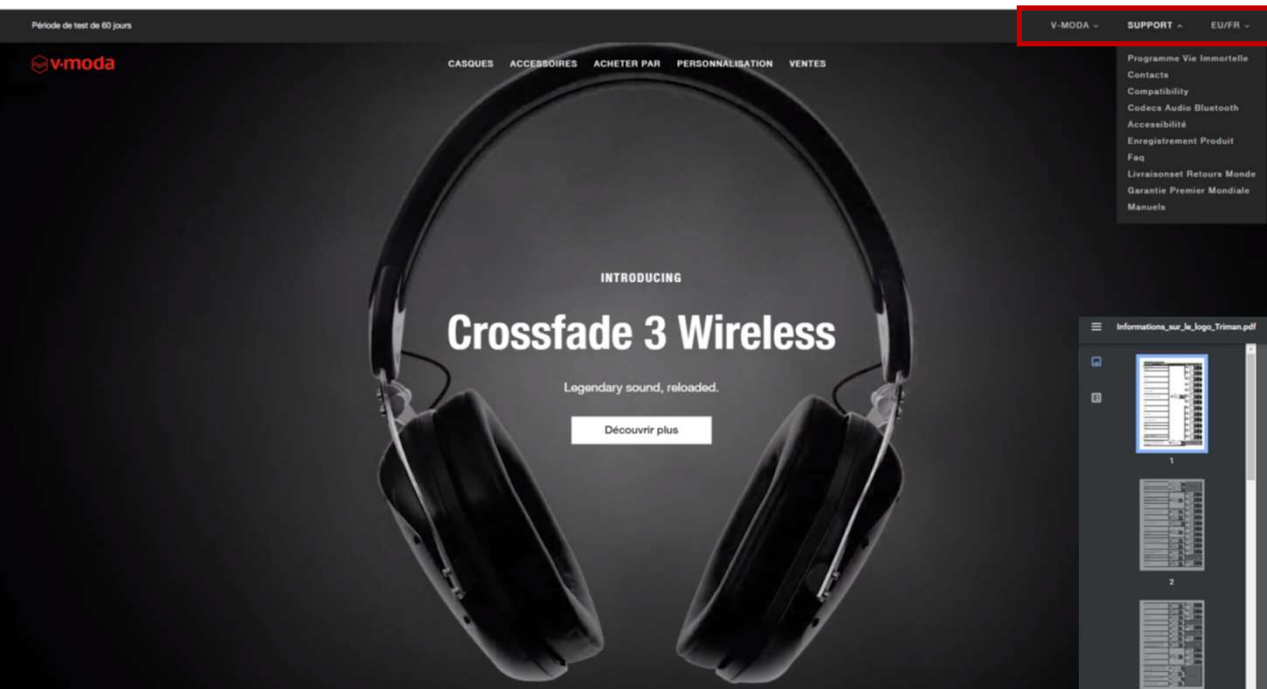

V-MODA Web Site

- V-MODA French Page (<https://www.v-moda.com/eu/fr>)

Under “Support” to put
“Informations sur le logo Triman”

To go to product Triman list
